

Nevada Caregiver Support Center

University of Nevada, Reno

Caregiver Coaching Program

Are you caring for a family member with dementia?

Looking for support or assistance with positive care strategies?

The **Nevada Caregiver Support Center's** *Caregiver Coaching Program* promotes **excellence in dementia care** by emphasizing the **quality of life** of persons with dementia and their families.

We invite you to contact us to collaboratively determine the support services and referrals that may best assist you and your family.

Starting in April 2021, we will be offering **Caregiver Coaching** groups to assist family caregivers in improving communication and building positive care skills and resilience.

Please call our office to schedule an appointment or to request more information: **775-682-6515**

The Nevada Caregiver Support Center is funded, in part, by Grant 16575-19-066 from the Nevada Department of Health and Human Services
